

PPR and Corona Covid-19 situation

The various European governments have asked all companies to do their part to curb the spread of the corona virus. We hereby inform you as follows:

- PPR employees are currently healthy and not affected by the coronavirus.
- They are trained and responsible, so that it stays that way if possible.
- It is very well ensured that the business is maintained and that deadlines are met and that your agendas are properly taken care of. If necessary, we will make deadline postponement requests.
- Both our headquarters in Triesenberg and our branch in Buchs are staffed during opening hours.
- As usual, your inquiries and orders will be processed as quickly as possible.
- In order to increase the security of our visitors and employees, the party traffic is only possible after prior telephone registration.
- As before, our employees are still happy to be available by phone or email to serve your interests.

We hope you understand the measures taken and wish you the best of health.

All the best and good health!

Best regards

Paul Rosenich Chairman of the Board of Directors
On behalf of all employees.
